WELDING TECHNOLOGY

\$24 **MEDIAN
HOURLY
WAGE**

What do Welders, Cutters, Solderers, & Brazers do?

Use hand-held or remotely controlled equipment to fuse or cut metal materials. They also fill holes, indentations, or seams in metal products. They can work in several different industries, so welders might build structures or repair existing infrastructures.

CP BASIC WELDING

Year 1 Courses:

Basic Welding
General Tool & Safety
MIG Welding
TIG Welding

CP CONSTRUCTION WELDING

Year 2 Courses:

Intro to Arc Welding
Pipe & Structural

TC WELDING

Year 2 Courses:

Blueprint Reading (Su)
Metallurgy (Su)
Position Welding
Spray Arc Welding
