CURRICULUM

We believe learning should be a lifelong experience, and we offer a wide variety of enrichment courses for all interests. We work with our students to ensure our trainings and courses exceed all requirements and on a schedule that is best for them. Our team's mission mirrors that of UAHT as we strive to offer comprehensive educational services to our communities in Hempstead, Lafayette, Nevada, Miller, Bowie and Cass counties. We also offer over 300 online options through our Ed2Go courses.

FACILITIES

Hempstead Hall and the University of Arkansas Hope-Texarkana are proud to offer free training space for our area businesses. Hempstead Hall will waive the room rental fees for any event where job-related training is being offered by a sponsoring Hempstead County business or industry as long as the event is being offered free-of-charge to the attendees. (Fees for specialized equipment, additional services, set up and/or off-schedule use may still apply.)

James Black School
OF BLADESMITHING & HISTORIC TRADES

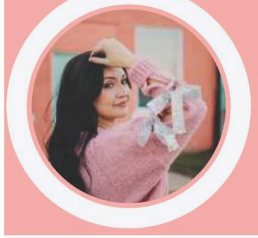

The University of Arkansas Hope-Texarkana James Black School of Bladesmithing and Historic Trades celebrates, preserves, and promotes the art of bladesmithing and historic trades, and the birth of the iconic Bowie Knife in Historic Washington. Students at the school will study the art and science of Bladesmithing, Forging, Handles and Guards, Damascus Steel, and more.

The James Black School of Bladesmithing and Historic Trades is unique in the University of Arkansas System and reflects the same quality and commitment to excellence in student learning that is the centerpiece of the missions of both the University of Arkansas Hope-Texarkana and the University of Arkansas System. Become a part of a campus where history, art, and skill are celebrated and preserved.

The James Black School is located at Historic Washington State Park, 601 Lawrence Street, Washington, Arkansas.

For more information, visit https://www.uaht.edu/bladesmithing/.

FIBER OPTIC TECHNICIAN PROGRAM

UofA HOPE • TEXARKANA

This Fiber Optic Technician program, co-designed with industry partners, provides participants with an opportunity to embark on a meaningful and rewarding career in the Fiber Broadband industry. Classroom and hands-on field experiences equip students with the knowledge, skills and abilities employers look for when hiring Fiber Optic Technicians to install, maintain, and troubleshoot Fiber Broadband to the home or business. Upon completion, students will be prepared for industry certification. This course is funded by the Office of Skills Development and is offered free of charge.
